The Pool Nation FX is a fast paced online multiplayer game where you can play pool against opponents from all over the globe. Fast and light on your fingers. Throw the cue ball and follow it into the corner cushions. Move the cue to block the opponent's shots. Face down or sideways to shoot the ball Juggle and dribble the cue Throw the cue ball Compete with your friends in Online tournament and earn coins and unlock new tables ?Are you ready to take on the best players in the world? !? About PoolNation FX: PoolNation FX is a fast paced multiplayer online multiplayer game in which you'll need quick fingers and quick thinking. You are issued a cue ball and four coloured balls; the green ball, the black ball, the red ball and the yellow ball. The aim of the game is to score points by knocking over the opposing players coloured balls. The object of each of the players is to strive to knock over their opposing player's coloured balls on to their own cushion. When the opposing player is getting ready to shoot, the player can choose either of two options. They can stand on the table like a brickie or they can slide the left and right sides of the table in the direction of where they want the ball to go. If the left and right sides are moved, the opposing player has to react and block or knock over the cue ball in order to shoot at the cushion of the player with that side. The player who knocks over their opponent's ball last wins the round and points are awarded. Once a player has knocked over their opponent's coloured ball or balls on to the cushion, they can choose either the small or the big corner, depending on whether they scored or if it was an easy or difficult shot. The small corner is as the name suggests, a small corner pocket, the big corner is a much bigger pocket. The ball will roll into that pocket and the player can then mark their score. If a player has their opponent's ball in the small or big corner, they are awarded points. Pushing the cushion with the tip of your cue will allow the player to bounce the cue ball off the cushion and into another pocket. This will make their shot easier or harder. ?About The Game Pool Nation FX d41b202975
